

10.8 V LI-ION MULTITOOL

In nylon bag with extra accessories

Ideal for sawing, cutting, grinding, trimming and sanding

10.8 V Li-Ion Multitool

This high-speed tool lets you work effectively and accurately thanks to the **high performance oscillating speed** and the powerful **10.8 V Li-Ion rechargeable battery**. The **versatile accessory kit** offers a wide range of application for a variety of different materials. Because of the **easy handling and the little weight** it is also perfect for hard to reach areas. The **rubberised handle** enables tireless working.
