ADHESIVES & SEALANTS

Bonding and Sealing for outside applications

Körapop 950 Marine

1-part elastic moisture curing hybrid adhesive and sealant, multi purpose, good resistance against UV radiation, humidity and weathering, solvent free, 5 days overpaintable

Körapop 954 Marine

1-part elastic moisture curing hybrid adhesive and sealant, good resistance against UV radiation, humidity and weathering, solvent free, good sagging properties, high strength

KödisilA

1-part elastic moisture neutral curing silicone adhesives and sealant, very good resistance against UV radiation humidity and weathering, solvent free, anti fungal, paint compatible to DIN 525452

Deck caulking

Köraflex 996

2-part sealant, very good resistance against UV radiation humidity and weathering, solvent-free, fast reaction time

Bedding of deck floorings

Körapur 928 Marine

1-part elastic moisture curing PUR adhesive and sealant, good resistance to humidity and weathering, overpaintable after curing, long open time, high strength, easy to spread

Körapur 672

2-part solvent-free liquid PUR adhesive, low sensitivity to moisture, high strength

Körapur 666

2-part solvent-free PUR adhesive, low sensitivity to moisture, high strength

Structural Bonding

Körapur 940 Marine

1-part and 2-part elastic moisture curing PUR adhesive and sealant, good resistance to humidity and weathering, overpaintable after curing, long open time, high strength

Körapop 954 Marine

1-part and 2-part elastic moisture curing hybrid adhesive and sealant, good resistance to humidity and weathering, solvent-free, good sagging properties, high strength

Körapur 666

2-part PUR construction adhesive, low sensitivity to moisture, solvent-free

Körapur 840

2-part PUR construction adhesive, good impact resistance, solvent-free

Körapox 565

2-part epoxy construction adhesive, solvent-free

Bonding and Sealing below the waterline

Körapur 925 Marine

1-part elastic moisture curing, multi purpose PUR adhesive and sealant, good resistance to humidity and weathering, overpaintable after curing

Körapur 940 Marine

1-part elastic moisture curing PUR adhesive, good resistance to humidity and weathering, overpaintable after curing, long open time, high strength

Glazing applications

Körapur 177

1-part elastic moisture curing PUR adhesive, high strength, good resistance to humidity and weathering, overpaintable after curing

Körapop 954 Marine

1-part elastic moisture curing hybrid adhesive and sealant, good resistance to humidity and weathering, good sagging properties, high strength, solvent free

Ködiglaze SDG

2-part solvent-free silicone adhesive, high strength, no black primer needed

KödisilA

1-part elastic moisture neutral curing silicone sealant, very good resistance against UV radiation humidity and weathering, solvent free, anti fungal, paint compatible to DIN 525452

GD 826 N

1-part elastic moisture neutral curing silicone sealant, very good resistance against UV radiation humidity and weathering, solvent free, long open time, very high flexibility
