10182713	149.0 cm	99.5 cm	22.5 cm	206.00 €	193.00 €	180.00 €

\*Price per piece for orders of 1, 3 or 6 pieces, all prices ex works, plus VAT, packaging and transport costs. Prices for special designs on request.

°Height of the viewing pane, the pane can be mounted on the adjustable feet offset by 20 mm, the total height changes accordingly.

In many areas, additional protective measures can reduce the risk of infection (droplet infection). The use of viewing panels can help to increase the level of safety and protection and keep a reasonable distance - whether at the individual workplace, in shared or in public areas.

#### Types

- Droplet protection panel, standard version
- Droplet protection panel, tall version

The viewing discs are made of highly resistant (unbreakable) transparent polycarbonate in 5 mm thickness with an abrasion-resistant coating.

#### Areas of application

The viewing panels are versatile, whether on desks, in meeting rooms, in canteens, at receptions, on counters, at cash registers, in pharmacies, on workbenches, etc.
