Item-No: 7060765
 7061481 (without mitre base)

MadMaxx

The 600 Watt MadMaxx Speed Saw from Batavia cuts **wood flooring, tiles, plastics, various metals and other materials.**

The Speed Saw can be used for many tasks, even without the mitre base. With the **unique mitre base** and the **edge guide** for continuous rip cutting it's perfect for flooring.

The depth of cut is **easy to set** which allows **accurate plunge cuts** to a pre-set depth. The special quick release depth of cut setting has a clear cut depth indicated by arrow scaling. Viewing slots ensure a good clear view of the blade and cut at all times.

The tool has an **efficient dust extraction system** to ensure a clean working space.

In perfect storage bag!
